

PROPERTY AND BUSINESS VALUATION

NEWSEC

Newsec is a licenced provider of valuation services for real estate, movable property and businesses across the Baltics. With 15 years of experience, a high level of expertise and strict professional standards, our valuation team delivers sound valuations by agreed deadlines.

Assessments are based on established valuation and financial reporting standards and the analysis of relevant market data. Financial institutions, business owners and international investors accept our valuations.

All Newsec valuers have international recognition and RICS qualifications. The company's activity is certified and insured with €9 million of professional indemnity coverage.
